

GoCUBES™

fresh on the go

PLACON®

Stock food
packaging that's
hip to be square.

A Stylish, Sustainable Option to standard square food packaging

They're stylish, versatile and—best of all—sustainable, made with up to 100% post-consumer PET material. Placon's Fresh 'n Clear™ GoCubes take the classic square container and give it a look that will draw customer attention. Use GoCubes bases alone or add the universal three-compartment insert tray for maximum appetite appeal and extended shelf life.

Made from EcoStar® PET from bottles and thermoforms

Freshness can't be missed when you package your food in our incredibly clear, post-consumer recycled containers made with EcoStar PET material. We reclaim, recycle and reuse PET, diverting plastic bottles and thermoform containers from landfills to make our sustainable food packaging. GoCubes offer sustainability without sacrificing clarity. Because seeing your food is just as important as seeing your packaging is sustainable.

econotes

- Ultra-clear PCR PET
 - 100% Recyclable Packaging
 - Made with up to 15% Recycled Thermoforms
- Placon's new GoCubes line combines on-the-go convenience with eco-friendly recycled PET helping reduce our impact on the environment.

■ ■ Ideal for Everything from fruits to nuts

GoCubes are available in five ultra sleek, clear-base sizes from 12 to 36 ounces. Easy to film seal, the containers also offer a convenient, one-size-fits-all recycled PET lid option with a secure seal, easy opening tabs, and crystal clear anti-fog technology. Add a clear or black 3-compartment universal insert tray for more versatility and merchandising options than you've ever had from a stock thermoformed food container.

Add an Insert to add appeal

Keeping contents separated lets you highlight specific ingredients while keeping food looking better and tasting fresher longer. Use GoCubes for pre-packed salads creating healthy portion-controlled options while allowing customers the ability to mix contents to their liking. Versatile and easy to use for both your customers and you, they're a win-win solution sure to increase impulse purchases and repeat sales.

SELECTABLES™

fresh to your table

PLACON®

Stock food
packaging that
dares to be different.

A Presentation as Fresh as the food you sell

Placon's Fresh 'n Clear™ Selectables bowls, inserts and lids give you the convenience you need and your customers the choices they want. Use clear or black bases alone—or get creative with 1- to 3-compartment, portion control inserts that highlight the freshest ingredients while increasing shelf life. Film-seal pre-made meals or use our crystal clear lids made from EcoStar® recycled PET to showcase both the food *and* your commitment to sustainability.

Made from EcoStar® Post-consumer recycled PET

High clarity recycled packaging is a hallmark of Placon's stock thermoformed food products. But being recycled doesn't mean they aren't clear. We know that letting consumers clearly see your food is just as important as showing them your commitment to the environment. Made with our EcoStar food-grade PET from curbside-collected bottles and thermoforms, we reclaim and recycle plastic back into sustainable Selectables containers.

Mix and Match bowls and inserts

Selectables let you decide the best way to showcase fresh salads and pre-made meals. Use the clear or black inserts to highlight everything from seasonal cut fruit and candied nuts to delicious meats and cheeses. Caesar and Southwest salads look and taste better than ever. No matter how you slice it, dice it, chop it or mix it, Selectables can keep your food looking and tasting great.

Pre-packed Kits Fresh meal solutions

Customers on the go want meals that look fresh and taste delicious. With Selectables you'll never have to worry about your most appealing, high-cost foods sinking to the bottom of the package. And the inserts easily separate wet and dry foods and ingredients to extend freshness and shelf life. No other thermoformed plastic packaging does more to encourage both impulse purchases and repeat sales.

A Perfect Fit at any size

Your food isn't boring. Your stock packaging doesn't have to be either. Mix things up with Selectables—available in 7½- or 9-inch clear or black bases with capacities from 24 to 48 ounces. Customize easy stacking and de-nesting bowls with a selection of clear or black tray inserts. And top things off with an over-cap, anti-fog lid, offering tight leak resistance and custom embossing options, putting your brand front and center.
